

Says

What have we heard them say?
What can we imagine them saying?

Thinks

What are their wants, needs, hopes, and dreams?
What other thoughts might influence their behavior?

some of us have an auditory processing disorder, which means that although we 'heard' the person, our processing defeats kept us from immediately understanding what was said.

Imagination is the being of Asian you imagine what you desire you will what you imagine and at last you create what you will.

Sometimes it is simply a delay in processing.

As far i can remember I had avoid making goals for my life.

I have many hopes and dreams father I have made open to the public and some are just between me and Jesus Christ my Lord and saviour.

Thoughts and feelings have a tremendous influence on our daily lives under what helps us makes sense of our surroundings and connectors with the world.
